CSR (Customer-Supplier Relations) ensures a value-creating connection between the customer and serious, quality-conscious suppliers. Why not use BioMizing's many years of contact network and experience to secure and optimize your upcoming process.

Among BioMizing's CSR-tasks can the following be mentioned:

- Auger system etc. For sludge (supplier Spirac et. Al., case Kalundborg Bioenergi)
- 9 pcs. Tanks for glycol and industrial waste (Supplier GPI, case Kalundborg Bioenergi)

Contact us for a nonbinding meeting and hear what we can offer you.
