CSR (Custom-Supplier-Relations) Ensures a value-creating connection between the customer and serious, quality-conscious suppliers, why not use BioMizing's many years of contact network and experience to secure and optimize your upcoming project.

Among BioMizings CSR tasks can the following be mentioned:

Auger system etc. for sludge (Supplier Spirac et al., case Kalundborg Bioenergi)

9 pcs. tanks for glycol and industrial waste (Supplier GPI case, Kalundborg Bioenergi)

Contact us for a nonbinding meeting, und hear what we can offer you.
